

CISV India
Maharashtra Chapter

**Providing individual
sanitation in Pune's slums**

*CISV Foundation
October 2016*

***An operational and financial report on the project supporting
individual toilets for families in slums of Pune.***

I. Project Summary

We thank Pace Foundation for the grant to create 15 Individual toilets in the homes of economically weak peoples. CISV India - Maharashtra Chapter undertook this project along with Shelter Associates. CISV India - Maharashtra Chapter which was founded by Mrs. Sarla Shah and celebrated 60 year of CISV India in September 2014 and raised funds which were utilized to support this project. Shelter Associates (“Shelter”) is a NGO working in Maharashtra since 1993, having offices in Pune and Sangli. Shelter has partnered with the urban poor, particularly women, in informal settlements to facilitate and provide community-managed slum rehabilitation housing and essential services including sanitation. Since 1993, Shelter has provided over 4,000 families with individual toilets and impacted over 50,000 persons with the sanitation program including individual and community toilets. Shelter Associates and CISV foundation had selected Weikfield, a slum located in Ramwadi, Pune, Maharashtra for implementation of individual toilets. This is a slum with almost 344 houses and only 2 community toilet blocks which led to a lot of open defecation near the slum. With the financial support from CISV, 15 beneficiary families located on the hill top have been able to construct their own individual toilets within their homes. This has helped them immensely.

II. Program implementation process

A need assessment was carried out in this slum through the process of rapid household survey through which households without an individual toilet were identified as the potential beneficiaries. The beneficiaries who have been supported by CISV used to defecate in the open since the community toilets block was very far from their household.

We reached families who did not have toilets and educated them on effects of improper sanitation on their health and lives.

We then signed an agreement with the interested families and provided them with the necessary necessary material to build their individual toilets.

The construction process was monitored by Shelter and after completion of the construction, we engaged with the beneficiary families and understood and documented how the families have been benefited. Shelter Associates have completed construction of 10 toilets and remaining toilets will be constructed by February 2016.

The list of the 10 beneficiary families has been attached herewith.

INDIVIDUAL TOILET FACTSHEET : 0095

Ms.Zarina Abdul Kuddus Sheikh

Aug 2016

Slum Information:
 Name of settlement: Weikfield Ramwadi Pune
 S.N.30
 Settlement address: Weikfield
 Household number: 95

Family Information:
 Name of the family head: Ms.Zarina Abdul Kuddus Sheikh
 Name of Native village, district and state: Uttar Pradesh
 Duration of stay in the city: 35 Years
 Duration of stay in this current settlement: 35 Years
 Type of house: Semi-pucca (Semi-Permanent)
 Owner or tenant: Owner

Family Members:
 Total family members: 10
 Number of male members: 4
 Number of female members: 6
 Number of children under 5 years of age: 2
 Number of members over 60 years of age: 1
 Number of girl children between 0-18 yrs: None
 Number of disabled members: None
 If yes, specify type of disability: None
 Number of earning members: 2
 Occupation(s) of earning members: Worker
 Approximate monthly family income: Rs.15000.00
 Have you upgraded your toilet/bathroom/while constructing individual toilet: No upgradation
