

PACE GRANT APPLICATION

ANZAC Neighbourhood Workshop - Auckland, NZ

(December 14 - 18, 2018)

ANZAC 2017 Perth

BACKGROUND:

New Zealand and Australia first set up their neighbourhood workshop group, ANZAC in 2009. It has continued as an annual event since then with Victoria, Perth and Auckland Chapters each taking turns to host, usually in December after the school year is completed.

The background to the ANZAC acronym originates from the First and Second World Wars when young Australian and New Zealand soldiers fought and died alongside one another in the same battalions. These young men and women

became known as the ANZACs (Australia and NZ Army Corp) and the name stuck. Now 70 years on, our New Zealand and Australian CISV youth use the same acronym but with a new meaning, “Australians and New Zealanders Acting Collaboratively.” How appropriate that CISV representatives from the two nations now meet and work together in order *to create a more just and peaceful world.*

After several years of falling numbers at ANZAC workshops, last year Perth hosted undoubtedly the most successful ANZAC of all time. Thanks are due to the PACE foundation for their support in making this happen. The event had record attendance of 31 delegates overall. There were 15 participants from Perth, 5 from Victoria and 9 from NZ. What next...

OBJECTIVES FOR ANZAC 2018 IN AUCKLAND:

- Build on the achievements of ANZAC 2017 in Perth, cementing the friendships and connections made.
- Provide opportunities for facilitation and leadership experience on a broader stage
- Put into play the skills and knowledge gained at JASPARC and GLOCO so that those who were not able to attend still benefit
- Fine-tune the 2017 cost sharing framework to ensure juniors with a greater distance to travel are not disadvantaged and wider participation is encouraged.
- Share ideas and best practice. Australia and New Zealand are similar in many ways, therefore time given to finding solutions to common problems is hugely beneficial.
- Develop the event organisation skills of our NJRs, with the added benefit that these skills will be transferable for use within their Chapters and/or NAs.

THINGS TO KNOW:

Dates:

Friday 14 December – Tuesday 18 December

Venue:

Karanga Camp – 40 mins from Auckland CBD, 10 mins from suburbia but in a bush setting. The same site was used for a Step Up Camp in 2016.

Planning and Preparations:

NJRs from NZ and Australia, with the help of our designated Asia Pacific Junior Branch support person will plan the event. Planning will begin in earnest in July. The planning team of ANZAC 2017 in Perth developed an excellent framework for the event, including many tools and communication templates. These will be used and refined by the ANZAC 2018 planners. The New Zealand Board will provide logistical support and guidance where needed.

OUR REQUEST:

In order to build on the successful ANZAC hosted in Perth, New Zealand plans to host an ANZAC workshop in December 2018 that will add to what has already been achieved. We see the potential for this workshop to act as a catalyst for further growth, strengthening both New Zealand and Australian Junior Branches.

We would be grateful for the PACE Foundation’s help in achieving our objectives and are submitting with this proposal a request for a grant of \$2,500.

“ANZAC is beneficial as it is an event that really improves the participants skills and also the relationships between Australia and New Zealand. With such large participation last year we managed to run a workshop that had a really positive effect on the people who attended and I am very proud of that”

Noah Ventura Senior NJR NZ 2017

CISV ANZAC Neighbourhood Workshop Auckland, New Zealand 2018		Amounts in US Dollars	
BUDGET – Income and Expenditure
